Att: Ms. Jessica Gossman

**PROPOSED CONSTRUCTION OF THE N7 VISSERSHOK WEIGHBRIDGE: DIVISION CAPE
FARM NO 153
PORTION 25 OF THE FARM NO 141
REMAINDER OF THE FARM NO 141**

Your application of 28 August 2025 has reference.

Sharples Environmental Services CC has been appointed by the Western Cape Government: Department of Infrastructure to manage the environmental processes for the proposed relocation and construction of the N7 Vissershok Weighbridge.

The proposed facility will be located primarily on Farm 153 Vissershok Outspan, extending into Morning Star 25/141 and Remaining Extent of Farm 141, within the City of Cape Town Metropolitan Municipality. The development footprint is approximately 4.7 ha.

The existing northbound weighbridge will be demolished and rehabilitated once the new facility, situated approximately 600 m north of the current site, is operational. The relocation forms part of the broader N7 freeway upgrade.

The Western Cape Department of Agriculture has no objection to the proposed relocation and construction of the N7 Vissershok Weighbridge.

Please note:

- Kindly quote the above-mentioned reference number in any future correspondence in respect of the application.
- The Department reserves the right to revise initial comments and request further information based on the information received.

Yours sincerely

Mr. CJ van der Walt
