Good morning,

I hope you are doing well.

Thank you for the letter provided by the Department regarding the request for extension. As there are changes required to the external services infrastructure (resulting in a significant change to the Draft Basic Assessment Report) that were not assessed by the specialists nor presented to the public during the PPP for the project, we will be required to send the documents out for an additional round of Public Participation.

Therefore, in line with Section 6 of the letter provided by the Department, and Regulation 19(1)(b) of the EIA Regulations of 2014, as amended, notice is hereby given that an additional 50 days will be required for the submission of the Final BAR in order to present the changes to the public. Therefore, the Final BAR will be submitted within 140 days from the submission of the Application form.

Please do not hesitate to contact us should you have any questions regarding this email.

Kind regards / Vriendelike groete,
